Serving the Cypress area for more than five years, Memorial Hermann Cypress Hospital brings the expertise of the Memorial Hermann Health System, including the region's top medical specialists, to families in the Cypress and northwest Houston area.

Our affiliated, board-certified physicians, and other health care professionals, utilize advanced medical technology to address the community's health care needs, from routine outpatient visits to complex inpatient procedures. Memorial Hermann Cypress is part of the Memorial Hermann Health System, with over a century of caring for the families of the Greater Houston area.

24-Hour Emergency Center

Memorial Hermann Cypress stands ready to meet the needs of critically ill or injured patients in northwest Houston. Our Emergency Center is staffed by affiliated board-certified emergency medicine physicians, advanced practice providers, and nurses and technicians specially trained in emergency care.

Services include:

- Diagnostic laboratory
- Digital X-ray, computed tomography (CT) and ultrasound
- Access to higher level of care via ground ambulance or by air via Memorial Hermann Life Flight®

Level III Trauma Center

Memorial Hermann Cypress is a designated Level III trauma center with the ability to provide advanced trauma life support, evaluation, stabilization and diagnostic services. If needed patients can be transferred quickly to a higher level of care within Memorial Hermann's network of trauma centers.

Birthing Center

As a Texas Department of State Health Services Level II Maternal Facility, the Birthing Center at Memorial Hermann Cypress features private labor-delivery-recovery suites equipped with the latest technology and premium amenities. Our affiliated board-certified physicians and nursing staff are trained in both normal and high-risk deliveries and newborn care.

(over)

Services include:

- High-risk pregnancy clinic
- OB Emergency Center
- Antepartum unit providing care for mother and baby before delivery
- Dedicated labor and delivery nurses providing one-on-one care during birthing
- Nurses who are trained breastfeeding specialists
- Private postpartum rooms where mother and baby are cared for together
- A Level II NICU providing 24-hour neonatal provider coverage
- Childbirth and parenting education classes

Breast Care Center

Patients in Cypress have access to specialized breast care services by affiliated board-certified breast radiologists, who provide:

- 3-D screening and diagnostic mammograms
- Bone density screenings
- Breast MRI and MRI-guided biopsies
- Breast ultrasound
- Stereotactic breast biopsies
- Ultrasound-guided biopsies

Heart and Vascular Services

Memorial Hermann is at the forefront of advancing heart health from preventive care to cardiac emergencies to complex surgical procedures. Our program combines research-driven innovation and a heart team approach to provide each patient with quality, personalized care.

With two integrated cardiac catheterization labs, the board-certified diagnostic, interventional and electrophysiology cardiologists, as well as cardiovascular and thoracic surgeons affiliated with Memorial Hermann Cypress work with a dedicated staff of caregivers to treat a spectrum of heart-related conditions and offer prevention, treatment and interventional procedures, including:

- Heart disease risk assessment
- Lifestyle and medical management
- Diagnostic testing, including advanced and non-invasive imaging
- Access to advanced technology with remote monitoring capabilities
- Minimally invasive procedures
- Endovascular and traditional surgical options

Our hospital is Chest Pain certified by The Joint Commission and meet stringent criteria for rapid response when seconds count.

Imaging Center

Memorial Hermann Cypress offers the latest advancements in imaging technology and screenings, including computed tomography (CT), fluoroscopy, magnetic resonance imaging (MRI) (1.5T and 3T, large bore), ultrasound and X-ray.

Neuroscience Services

The neuroscience program at Memorial Hermann Cypress brings together a collaborative group of affiliated, board-certified neurologists, neurosurgeons and interventional pain management specialists, supported by a highly trained, specialized and dedicated clinical staff.

Our experienced specialists provide care for the following:

- Neck and back pain
- Spinal fractures
- Herniated disc
- Spinal cord compression
- Spinal fusion
- Spinal stenosis
- Carpal tunnel syndrome
- Stroke
- Cerebrovascular disorders
- Parkinson's disease and movement disorders
- Essential tremors
- Dementia
- Multiple sclerosis
- Peripheral neuropathy
- Headaches
- EEG and EMG studies
- Acute and chronic pain arising from trauma, nerve damage, degenerative conditions, debilitating headaches, facial pain diseases and systemic metabolic disorders such as diabetes
- Pre-evaluation to post-surgical therapy by a specialty trained Spine Physical Therapist in collaboration with Sports Medicine and Rehabilitation

In collaboration with Mischer Neuroscience Associates, the Telemedicine Program at Memorial Hermann Cypress enables top affiliated neurologists to observe patients remotely and assist with treatment from any location. Patients gain real-time access to unparalleled stroke care and leading neurological expertise around the clock, all from the familiar comfort and life-saving accessibility of their own community hospital.

NewStart™ Surgical Weight Loss Program

For individuals who have been unable to achieve weight loss through diet modifications and exercise programs alone, bariatric surgery may help to attain a healthier body weight. Weight loss surgery is designed to help you lose weight and keep it off, and there are several surgical weight loss options to consider. Memorial Hermann Cypress is an accredited comprehensive weight loss surgery center, complete with affiliated board-certified bariatric surgeons and staff attuned to meet the specific needs of bariatric patients. Memorial Hermann Cypress offers a nurse navigator designed to be with you each step, answering any questions and addressing any concerns you may have during your weight loss journey.

Oncology Services

Patients at Memorial Hermann Cypress have access to a multidisciplinary team of oncology specialists, which may include an affiliated board-certified surgeon, medical oncologist, radiation oncologist and radiologist, depending on their disease. These specialists work together at bi-weekly cancer conferences to review and develop individualized treatment plans for each patient. In addition, affiliated board-certified plastic surgeons, physical therapists, and hospice and palliative care specialists are available if needed.

Should a higher level of care be needed, Memorial Hermann Health System offers the entire continuum of cancer care: education, prevention, screening, diagnosis, treatment, survivorship and rehabilitation.

Orthopedics and Sports Medicine

Part of Memorial Hermann | Rockets Orthopedics, our dedicated multidisciplinary orthopedic care team includes specialty-trained affiliated board-certified physicians, nurses and rehabilitation specialists who provide non-surgical and minimally invasive procedures, surgery and rehabilitation for muscle, joint and bone injuries and abnormalities. As part of patient-centered care, therapists perform comprehensive evaluations to determine appropriate treatment to individually address each patient's goals.

Outpatient Pharmacy

The Memorial Hermann Pharmacy is located on the Memorial Hermann Cypress campus and provides the following services to the Cypress community:

- Fills prescriptions sent from the hospital and physicians' offices; walk-ins are welcome
- Meds to Beds: Bedside delivery of discharge prescriptions for patients in the hospital
- Medication therapy management
- Over-the-counter supplies and medications including:
- Blood glucose monitors
- Blood pressure machines
- Common cough and cold remedies

Surgical Services

Our affiliated board-certified physicians utilize the latest techniques and technologies to perform a wide range of inpatient and outpatient surgical procedures, including minimally invasive robotic surgery. Our goal is to offer our patients a positive, seamless patient experience—before, during and following surgery.

Women's Services

We are proud to provide an array of services to meet the unique health care needs of women of all ages. Our services include obstetrics and gynecology, maternity services, heart and vascular services, breast and bone care and more.

Wound Care

Located on the Memorial Hermann Cypress campus, our wound care program provides a comprehensive approach to treating patients with non-healing wounds. Patients are offered the most efficient and effective treatment options available today. The experienced team features affiliated board-certified physicians, nurses and technicians with advanced training in wound care and hyperbaric oxygen (HBO) therapy. Patients are examined and evaluated for all possible physical conditions, such as diabetes, that could interfere with proper healing. The care team follows evidence-based clinical pathways to determine why wounds are not healing. Individual treatment plans are developed using the most effective technologies available to optimize healing and relief for patients.
